Eg00 - June 29, 2021, 8:41 am

Hey guys, Welcome to my thread, I've teamed up with some experienced resellers to make you this group.

We have all been in the Supreme/Hype clothing reselling for awhile now and we feel like now we can open up our own group to teach others just how we do it.

This group can provide a few things, Such as:

1on1 MENTORSHIP!

LIFETIME Access to our bot (Currently need developer to finish it off.)

Groupbuys! (Get bots which sell out in seconds, for retail)

ACTUAL Backdoors! (Exclusive links/account with HYPE shoes for retail!)

Learning how to cop.

Learning what to cop.

Get your own plugs. This can be hype brands for a large discount

Get bot tutorials

Learn what's hype

Weekly updates on Supreme/Nike/Yeezy etc..

Learning how to make BIG money off these drops.

Pricing
\$150 in Crypto.

I can show whoever that I cook almost every big drop in the EU, as well as this I own most of the big bots out there out the moment.

Some drops I make upwards of \$2-3k rather easily, and want to help people get into my favourite way to make money/hobby!

With your low post count and just recently joining it's going to be hard to get members to trust this service without any vouches.

I'm fine with that, I have all the proof I need to back myself up as someone who knows what they're doing.

Is this just for EU? Or do you have US/CA experience as well?
