Thread: [Google Play Credits - Google Play accounts with 10-15usd in Google play credits](#)

I've got tons of Google Play accounts with 10-15usd balance on each of them. Balance is in Google Play credits so can be used only to buy apps/songs/books/in-app purchases.

Would anyone be interested in buying something like that? I don't really have a way to use them. I could potentially have 100s of dollars in these accounts in total. Mind that these were all created by my and the money on them is from refunds. Nothing is stolen, I've got full details for every account.

Do you have a Telegram account?
I would be interested in buying bulk.
