(Jul 1, 2021 12:23 AM)Johansson Wrote: [\[CITE\]](#) This does work but promising 3k a month off 300\$ is such bullshit. Some days there won't be much to arbitrage to begin with, this is great if you have time and like moving funds around but don't make stupid claims please. Thank you.

i didn't promise 3k mate, i've said 600\$ to 3k \$ per month, it all depends how many opportunities you find and the investment you make

complex0ne - July 1, 2021, 10:17 am

ok as you say mate, it's your method

Nice method, however might be nice to indicate some of the risks involved due to network jams and possibly losing money if timing is off.

Nevertheless nice and simple mate

These links usually either have a virus/keylogger or inside they have affiliate links or they force you to use their websites and then ask for subscription etc etc.

Be careful, he wouldn't give you for FREE a method that makes money, he would abuse it.

Smarten up people. All he's doing here is sharing his referral links... This method works in theory yes, but in practice it's not as profitable as this guy states in his method... Exchanges have very similar coin prices to one another, so the profits are very small.
