First Thoughts: Okay, so I have just finished reading the method and I must say, this is very very simple (much simpler than I originally thought). It's definitely something you can make money with, and good money depending on how well you do and how much time you put into it. Usually when I read guides I think one of a few things: 1. It's too expensive to start and probably not worth the initial investment, 2. It's too saturated or 3. It's too time consuming and I never really take action on HF guides, however I 100% am getting started with this as it's traffic I have never personally used but it's very very good and free traffic that will come in high amounts.

This will earn money! Quite a lot of money if done correctly I believe that 100%, however, I cannot say how much as at this point I have never tried this so I will update in a few days and after I've been paid.

This is also passive income with PayPal too, it doesn't need to be crypto which I feel like OP should have included as that is another selling point for me!

The method he sends you is there to solely inform you of the method so it doesn't need to be long and fancy as the money's worth is OP's mentorship as he will personally 1-on-1 provide you and mentor you through everything, and you'll earn the money back that you pay for this and more I can tell you that :)

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP

(Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
