Anything Japanese, especially soups with noodles. Sushi is my go-to snack, I prepare 10 rolls of sushi a week to snack on them.

I love Chinese / Japanese / Italian food in general. Sometimes even Viennese dishes:)

As we speak, making myself some rice now.
Pandan rice isn't actually rice, but leaves. With a full taste and lovely aroma. And it's a bit sticky.

Great for making rice balls, or smaller dishes at one plate.

Jasmine rice is what we are having but not smell of pandan bro...maybe would check it out on market tomorrow if that pandan rice is available on where we buy our rice.

My mom used to use pandan leaves whenever she's cooking our favorite biko rice ?

Ow haha weird. The jasmine rice is the same as panda rice, made out of pandan leaves because of their rich odor and fine taste. I just love the smell of cooked pandan rice, sweet chilli chicken combined with it and some cucumber. Lovely!

Your mom got a great taste in food, I can hear that instantly haha!

Pretty much any kind of pasta with meat sauce ad some garlic flavor.

blackrose_x0x0 - July 3, 2021, 12:44 pm

Pizza, pizza, pizza! Pizza is my favorite food without a doubt, I also worked in the pizza industry for years and learned how to make pizzas from new york style, chicago style, detroit style to Neapolitan style. I have considered opening up a local pizza place. The thought still crosses my mind all the time.
