But I really dislike this trend of 12-13 episodes per year which most newer animes tend to adapt.

This user says his top 5 would mostly be older anime but names 3 new ones.

Don't trust this user in your crew battles.

I tried to be diverse in terms of genre while composing this list for the application.

Hunter x Hunter is pretty old 20+ Years, FMA Brotherhood is 12 years old. Tokyo revengers is the only new.

I guess we have different definitions of old ?

I've watched both the 1999 and 2011. Dragonball, Bleach and Naruto are in my top list but again, I thought I'd diversify the genres in the application list :)

Stanley - September 9, 2021, 6:19 pm

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

???? - November 17, 2021, 5:03 am

Name: Henrik

About me: I live in Sweden, 2X years old, like to watch anime, browse HF (recently become very active), play games, workout and chat with people. If I had a MAL it would probably be around 500 titles (give or take) so I have seen a lot of anime.

Main source of income / side gigs: Elderly caregiver.

Whats makes you indivisual?: I'm my own person and I don't let what others think of me affect me. I am a very open-minded person and love to have chats about everything. I love to learn new things, I have recently become VERY interested in online moneymaking but I'm still a novice and don't have any REAL experience except for investing.

What are some life goals?: Make enough money to live comfortably. See the end of One Piece. Join the 1000LB club.

I hope that I can join your awesome crew and hopefully learn more about how to make money and contribute to the team in every way I possibly can! I've always wanted to become part of team that has a common goal. Convo me or PM if there's anything else you want to know about me :D

I think that if I get to join a community like this I would be more more motivated, I tend to be able to do a lot more and not give up at the first setback when working in a group with like-minded people with a shared goal.

Whats makes you indivisual?: I've been working extremely hard since 15, even though I don't enjoy

school I'm still doing my best to finish it to kick start my career.

What are some life goals?: Make enough money that I can FATfire early.
