Thread: [SOMEONE IS EITHER IMPERSONATING ME OR TRYING TO PLAY ME DIRTY](#)

So 2 people come today on my threads and posted that everyone should DWC with me as they talked to me and I refused to accept a MM which is false as we never talked with them.

Proof 1 :

He is even saying we talked on Telegram which is weird as I don't use Telegram myself.

Now the weird thing about this situation is that they seem connected as each of the B-ratings they got are from a deal they made together.

So yeah, I don't use Telegram, I only use Discord. Always confirm on site.

Sounds like two random users who are friends with nothing better to do, kids with too much time simply put. Thanks for the alert.

Its actually pretty easy to tell its him just from the same writing/template on his selling threads. If you check Bubblekush, Vichenzo threads they have identical format as his. Also, classic paid row of awards, didnt buy in gamblers this time tho lmao.

Stop comparing me to other users, I'm already tired of this. I don't see anything wrong in having awards as they look cool. When you got spare cash, you can spend it as you like.
