I can get them for you, but it would have to be in large quantities. I am not buying just 1 for example.

1. Can these be used for USA?

2. I would love to buy 50 or 100.

3. Do they go bad?

4. I can safely assume you are not using 16 digits to get these?

Let me know in a pm, we'll figure something out.

I accidentally removed my response I am not alot on this forum.

1. Proabably yes, but to be sure you can try one.

2. Thats something we can arrange, I currently have 79 instock and can get shit tons of more.

3. No they will %100 stay alive, i can guarantee that. You can sell them to your customers without a hassle. I have previously worked with webshop owners before but I lost there contact.

4. I am 100% not using a cc to get these. Once again they won't die.

We can start of with small quantities so you can see I am legit.

OP sent me a card to leave a vouch for his product.

Card worked as promised, and redeemed it with no issues. He also told me that there is no chance for a ban.

Thanks and GLWS.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Bumping own thread.

Posting twice the same thread and content; <https://hackforums.net/showthread.php?tid=6162418>

Using Bol.com images (while Googling for "Xbox Code Forums")

Seems sketchy to me. Be careful with this one and use a MiddleMan like [Zero](#) to be secure when exchanging.
