This is some quality selling thread!

What about shipping? Do you have worldwide shipping? If so is there a way to estimate the shipping cost?

Thanks.

We've now updated our equipment and can make even crazier rugs, this is still available.

Those rugs look really nice. How long does it take you on average to make a rug?

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
