I'll do it, just like I'd do myself.

Lyrarei - July 10, 2021, 4:27 am

Quite a late introduction, maybe I'll do one someday, well maybe not, I think I already did the same thing in the lounge years ago, ugh.
Welcome to HF, though. =)

Here's the 'Please read the [Help Docs](#)' classic to finish it off.

Yeah that generation has some good music too. To change topic a bit, have you seen my YouTube and other social media accounts? Check my profile if you're interested.

Bruh my mind is so self aware now that one hit of weed pushes me into at least 3 symptoms of psychosis. I accidentally became religious , lowkey thought I was marching towards JBP army. Then reality started shattering as things started to feel predictable. I could see other people as an extension of myself. I was a God almost.

Then I was thinking that my life cant go bad, that I am determined to raise to heaven. That I could put a gun to my head, pull the trigger and it would jam. Because I'm the chosen one.

That's the type of thoughts I get on weed.

Fuck weed.

AiDenti - July 11, 2021, 11:58 am
