I want to start collection some more Jordans but to actually wear them, not to just sit on a shelf lol.

I don't much now just 2 pairs, Oreo 5s and Green glow 4s. I want a few more for going out, is StockX the best place? They're just so damn expensive.

As much as I want a few more pairs the prices just be crazy.

Yes I'm a fashion model so i love clothes im huge bapehead gonna send some pics

I have about 40 more pairs of shoes, these are my current shoes in rotation. I am a minimalist so I don't like seeing them all, so they are in my other closet. Have about 10 jordan 1s, 15 bapestas, 4 Jordan 4s, and some other shoes. My total is sitting about \$15,000-\$30,000 depending on the market and buyers plus I've gotta calculate them

Depends on budget and what shoe. [Zeus](#) runs some sneaker sh I've seen.

Grailed top tier crazy steals, second locally if you can find them, depop is good but not checked for fakes.

Avoid stockx and goat rape prices, I have sneaker connect so if you really wanted something just PM me and ill try and work something out.

There's also replicas that are way cheaper if you really don't want to spend a ton of money

There is some pretty quality sellers out there. I doubt anyone would call you out unless you went with some fufu seller. If you have the money to spend on real ones though then why not

I never understood the fascination about basketball shoes. Not everyone plays basketball, yet certain tweens want to wear them. They're bulky, will slow you down, and make you walk like a crab. Glad I grew out of that fast...

Psilocybinaut - July 18, 2021, 3:15 pm

I got a pair of the Dior Jordan's that I really really like. I wish I had more money to invest in lots of shoes. It's just not in the cards with two young kids, they'll bring me more riches than any amount of shoes ever could though.

It's just a certain style of clothing that's all. Everyone has their preferences.

Stockx is overpriced with all their fees, I have about 30 pairs of shoes in box still. All are mainly jordans, and nike dunks. Anywho try finding sneaker pages on Insta that have a good reputation for buying/selling. You'll save \$20-\$50

Yeah this is the way to go, or Facebook groups, i get all my pairs close to retail for the most part.

Prettykitty - October 5, 2021, 1:20 pm

Never collected sneakers, I wore the same pair of shoes for 5 years now.

I mean I have been wearing these vans for like 3.5 years, and they are solid, but collecting is different than wearing. ;)

Not a sneaker head, never understood why people need 10 pairs of shoes. I mean it's a perfectly fine hobby, I just never understood or got into it.

It's like collecting baseball cards in a sense, but the sneaker market has taken off over the last 3-5 years. These sneakers you can cop are retail priced and only so many are made, so not everyone can get their hands on them. The price instantly goes up \$50-\$1000's + after they sell out. It's great extra income tbh!

i do it because i like alot of the jordans, plus you can resell them for more than you paid depending on what ones they are.
