You need to be a UB3R to post in Currency Exchange Forum.

thank you

one more question :50 popularity points?

thanks for the fst answeres, one more question: what i must look before do a purchase and close a deal with other member?how we communicate?skype?msg||?discord?

Its best to stick to onsite communication. If you want to use discord, you have to [verify your discord](#). To pick an exchanger, go to their profile and check B-ratings and disputes. If they have a dispute, then best to avoid them.
