I don't know if it needs to be philosophical, but this is my favorite quote:

I have many favorite quotes, here is one of them?

I have a favorite quote for each topic or emotion (love, thrive, business, nature, etc).

My best quote in general is from a Kung Fu Panda movie.

"Yesterday is a mystery, tomorrow is history, but today is a gift. That's why it's called the Present."

'1440 minutes in a day, don't let someone's words for a few seconds impact that' time is vital for success and I manage to reduce negativity in my life just by this quote. Everything has a solution.
