Do you take any vouch copies?

Nebula - July 21, 2021, 8:00 am

Thank you for the request, however, the information I provide in the blueprint is too valuable to give away. If you'd like to start a contract, I'm online for the next hour or two, so I'll be able to process your order asap.

How does it work? Any money back guarantee?

Nebula - July 22, 2021, 8:29 am

Hi Marknell, yes, there is a 100% money back guarantee on your purchase if you don't generate income from this.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Here to vouch for Nebula! He's put together an amazing blueprint that had me set up within A DAY making money. Nebula also made himself very available for any questions I might've had and even checked in to make sure I'm getting the gist of things. This method is super user-friendly and a great way to start your ventures in becoming an entrepreneur. I'm excited to continue using this blueprint and hope you all get the same value I got from it. I've bought many ebooks and many methods that promise the world, and this method has been the only one that has actually brought me in profit. Not enough I can say about Nebula and his great service.

Tightarse - July 26, 2021, 8:13 pm

Interested in a vouch copy.

I have the time to try this out for about five hours per day for two weeks.

Will support this with a well written review of selected.

Leaving to come back to later. Glws.

First a Vendor (member since 2016) asks you for vouch copy

(Jul 23, 2021 07:10 AM)MrSpecter Wrote: [\[CITE\]](#) Hi,

Then you ignore his request as "it's too valuable"

Then you give a vouch copy to a member that just joined in the forum and you even quote what he wrote in your thread. Plus you say that you gave 2 vouch copies in your thread when you gave only 1 to the member below who's most likely either a newbie or your multi.

Smells like a SCAM, be careful.

Seems strange to not offer vouch copies when you mention them in the first two lines of your thread.

This method does seem interesting, but I think you're going to have to be willing to lose a couple dollars on the first couple sales to get them really going.

Hey there, do you offer vouche copy please ? I noticed that your vouche & socials proofs smell fake. Everybody can photoshop earnings, I already know 3 photoshop expert able to do that, by a simple research on forum.

I'm not the most reputable member in HF but, for sure the honest one, if your method is worth, I agree to pay the amount of the ebook.

Have a good day.

iChristySilver - July 31, 2021, 11:51 am

I would have been interested in purchasing this method for fun, but considering the "invaluable information" and inability to give out a vouch copy, you've lost my sale. If the value was truly THAT valuable, and you were making THAT much money, the cliché: "you would not be selling it."

It makes no sense. Why would you sell a method that makes \$1000/day for \$99.99? lol

If something is interesting, then your post absolutely is, you have only ONE post here, and you came here, bought a book, and now you wrote this.

This is starting to smell hella fishy. No vouches and OP hasn't said anything yet.
