Thread: [\[OFFICIAL\] POLL: Nachfolger & James Retrospective](#)

Lrrr - July 22, 2021, 10:06 pm

It's been a little bit of time since the users [Nachfolger](#) and [mention=2774521] have become mentors and I think its time to do a clear retrospective of their mentorship transition so far.

What are some goods?Nachfolger owes me 2k bytes

What are some bads?James

Action Items:remove mentor from James

What do you guys think? What are some goods as well as bads and maybe action items to come out of all this?

I don't much about James, he seems docile. Nachfolger is nice and helpful but can also be quite annoying queer.

Laylo - July 22, 2021, 10:10 pm

What are some goods?

Nachfolger is pretty cute. I would take her on a hot and steamy date

What are some bads?

James is stinky

Neither have given me warnings so they are ok

unlike [webdev77](#) and [Makaveli The Don](#)
they suck

Ninja™ - July 22, 2021, 10:18 pm

I'm a potato. Thank you for your time.

1337 doesn't lie. James is out.

Times up fellers the people have spoken

sweatpants - July 23, 2021, 2:46 am

[Nachfolger](#) is doing a fantastic job as Mentor. James on the other hand however... is doing fantastic aswell.

Nachfolger - July 23, 2021, 2:51 am

I'm very disgruntled over the fact that a fellow mentor, such as [mention=1306528] himself, would use his capabilities to set the odds against us.

Thank you for the feedback on this thread, I'm sure I will take it into consideration when warning all of you for this trash.

PS,

This thread belongs in the EQ lounge, not in a HQ place like the HF lounge.

XBT4R - July 23, 2021, 2:52 am

I personally haven't reached out to either, but with a mentor badge I'd expect them to have some

sort of payment going for mentoring - is it for HF mentoring or advanced mentoring like business, coding etc? Regardless I also expect them to mentor via private messages if needed.

(Jul 23, 2021 02:56 AM)Nachfolger101 Wrote: [\[CITE\]](#) James does some type of E-whoring mentorship on the side, but the role is for the official Hack Forums moderation team.

You have now been mentored by me. Take that into consideration when answering the poll. I understand now. Thank you.

In theory each person which replies to your post with an answer is mentoring. You learn new things everyday so it is understandable.

I can vouch for [scam.](#) , webdev made me lose my daily check in streak twice at a very far stage and I don't like him for that.

[Nachfolger](#) and [mention=2774521] are still pretty new to be judged but I'm sure both of them will learn and be great mentors.

[mention=2774521] defo got the qualities to do so since I've been seeing him run his crew pretty well, we have loads of fun there.

James is a straight shooter, will keep the riff raff away. I'm sure he is doing a good job. Nach being a mentor gives hope to all the special eds out there. Overall two good choices and I see no complaints.
