I have screenshots and proof that BooGod has failed to deliver this service to me and is not responding anymore after asking for completion/refund.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Anyone know how I can make sure this user gets banned? I am new to disputes, thanks.

You can't. Deals are done at your own discretion and staff do not get involved. Best you can do is add the user to your Ignore List and never deal with him again.
