Thread: [Voice and Body Verifications.](#)

Imtrashhelpme - July 24, 2021, 3:55 pm

I'm able to do voice and body verifications, Obviously for e-whoring, It's a 20 year old British Girl.

VOICE IS A YOUNG BRITISH FEMALE, POSH ACCENT IF WANTED, OR JUST NORMAL VOICE.

VOICE VERIFICATIONS I CAN DO WITH A VIDEO OR JUST SOUND.
OR I CAN DO A VIDEO WITH WRITING ON PAPER AND/OR HAND SIGNS.

VOICE verifications can come under the broad spectrum of having me do it 1 time, for a username or name you use on a lot of sites/apps.

Or I can do them on a long term basis for multiple names over multiple times.

BODY verifications again can come under the once and once only payment or multiple times with different names.

Body WITH voice obviously will be more expensive and come under a different bracket, as I can't imagine many people will want to pay multiple times as this will be more expensive.

Videos can be fully customized, down to if you want normal clothes, nude, or skimpy clothing.

Price is as follows:

VOICE with no video: £10 per video.

VOICE with video: £15 per video, writing on paper, or on body, specific part of body can also be done.

VIDEO with NO sound: £10 per video "

"

ALL PAYMENTS WILL BE DONE IN ETH/USDT.

For the sake of proving legitimacy and actually showing i'm legitimate, I'm willing to give a 50% discounted rate to the first 2 members who would like to purchase, and will quote their replies once delivered.

Much love all!
