Said he scammed for a lot more than is known.

Said he'll "keep his crew" doesn't care about selling it.

Said nothing anyone can do as all the accounts were in fake names.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,

"wealthy" - coming from someone who scams such meager amounts. It's always the kids who claim they're wealthy who are beyond poor, putting up a facade on the internet. Those kids don't get far in life.

Highly doubt - people like this just make up shit on the internet pretty often. Wouldn't be surprised.
