Thread: [HF #1 OFFICIAL GROUP - PINK LSZ - 10 ANIMATED STARS - NO BUYINS - OPEN APPLICATION](#)

??? - July 25, 2021, 8:46 pm

Pink LSZ's Recruitment Thread

About

Pink LSZ is a group of individuals that are dedicated to both HF and the group. We are not looking for those who say; we are only interested in those who do.

We are looking for members who have the same passion for Hack Forums as we do, helpful members who will be able to assist HF users as well as others in the group. Members who will be dedicated to this group. Members who have something to offer for the community.

We support our members and want to grow together. We are building a great community that will aim to reach higher limits together.

Members are expected to show activity within the group and on the forum. We love to see people in our group lead. We support that. The group stands behind its members. Everyone is equal, we can all come up with ideas, events, group projects, etc., and work together to make them come to fruition.

How to Apply

We currently focus on a specific list of topics. What are topics? Topics are what help us focus in one direction and not going all over the place. Together we think of events, tutorials and more things we can do together as a group to help and grow HF community. These are our primary subjects but in the group each member has a voice and can host/create anything they want with the help of the group.

As stated above, these are the kinds of users we are looking for. If you would like to be considered for Pink LSZ, you need to reply to this thread with your application.

We are looking for high-quality users that are ready to join us and be dedicated to both HF and the group.

Please explain to us the reasons that you should be accepted for. Share some of your accomplishments and contributions with us, talk about some of the past things you have done for Hack Forums. You can also share ideas for events that you think would improve HF. Show us who you are and what your passions are. Pick a topic out of the list and describe an event/idea/tutorial/etc that you will be willing to take part of with the group and that will also benefit the group and HF.

We will read every single application.

Topics list:

First topic: Gaming

Second topic: Gfx

Third topic: Engineering, Software and Technology

Userbar

Ten Stars

Bankrupt - July 26, 2021, 1:17 am

What are some of your past accomplishments/contributions to HF?

<https://hackforums.net/showthread.php?tid=6126161>

<https://hackforums.net/showthread.php?tid=6137623>

<https://hackforums.net/showthread.php?tid=6154512>

Are you particularly skilled in any areas?

-Assisting new users get the hang of things

-Shooter video games (in my opinion)

What hobbies and interests do you have? What do you do in your free time?

Playing alot of video games in my spare time aswell as social media

Have any idea for event you would like to host with the help of the group? Please describe it to us.

Hustler x Pink LSZ giveaways such as upgrading newer users and giving away awards. Also hosting tournaments for videogames for all to come together and game out with one another, with prizes

We want to get to know you. Tell us a bit about yourself and why you would be a good fit. How do you see a day in Pink LSZ?

I am bankrupt, ive spent more time on this forum in the last year than ever before, I genuinely love being active in this community and i keep up with HF more than the daily news in my town. A day in Pink LSZ is just communicating with members and hanging out, making friends.

What topic did you choose? What are your ideas regarding that topic?

Gaming, like i said above hosting tournaments with prize pools would drum up some attention i would be more than happy to host or even just take part in activities of that nature.

Updated my application [???](#) Thanks for reading

x_x - July 26, 2021, 1:21 am

Wow what an amazing group, look at those stars! also hi Jay

[I Love Omni!](#)

Here's some that I hand-picked from my hundreds of threads and have other contributions throughout many years.

I have also provided the graphic for the Freagle Hackuman and the HF mobile banner.

I'm all up for contribution and care about the community. I want HF to thrive and I find groups as a way to exactly do that.

EDIT: Seems like I was too early and the application format wasn't there when I submitted my post... consider this as my application.

Crystallize - July 26, 2021, 11:25 am

What are some of your past accomplishments/contributions to HF?

Are you particularly skilled in any areas?

What hobbies and interests do you have? What do you do in your free time? Mostly read about tech things.

Have any idea for event you would like to host with the help of the group? Please describe it to us. Honestly not, but im always up to participate.

We want to get to know you. Tell us a bit about yourself and why you would be a good fit. How do you see a day in Pink LSZ?

As do I. I'm just a normal guy looking to explore new things, I can be a good fit because i'm always chill ready to help with whatever. A normal day would be talking with you guys, making jokes etc.

What topic did you choose? What are your ideas regarding that topic? I'd say gaming and tech

considering im better on these fields.
Thank you.

Maxorg - July 26, 2021, 11:36 am

Thank you.

Great to see your interest in joining the family mate.

A genuine tip from me would be to update this application. Put more effort into it as that can be a deciding factor.

Fortunate - July 26, 2021, 11:51 am

(Jul 26, 2021 11:50 AM)James Wrote: [\[CITE\]](#) It is almost as if I read the exact same message on a different thread.

There is a template for this recruitment. It does not say "please copy and paste the same reply you make to other groups' recruitment threads."

Just edited when you posted.

Seems like I was too early and the application format wasn't there when I submitted my post... consider this as my application.

Or I might have just ignored the thread when I was at work but that's fair enough, thought it was a free-format application.

Fortunate - July 26, 2021, 12:05 pm

(Jul 26, 2021 12:02 PM)James Wrote: [\[CITE\]](#) Even if it were a free-for-all application, it is pretty low-quality, lazy, and straight-up insulting to just copy and paste the same thing you put on other group recruitment threads.

I know, it's not usual of me but it was worth the shot. I probably would've spend more time on it if I just had the format. What's done is done and I can't change it now.

bending - July 26, 2021, 1:20 pm

What are some of your past accomplishments/contributions to HF?

Done giveaways, supported site and helped memberrrs when I can

Are you particularly skilled in any areas?

Business, cybersecurity and intelligence

What hobbies and interests do you have? What do you do in your free time?

Learn cybersecurity

Have any idea for event you would like to host with the help of the group? Please describe it to us.

Giveaway

We want to get to know you. Tell us a bit about yourself and why you would be a good fit. How do you see a day in Pink LSZ?

I am bending, my day there would be having fun and socializing

What topic did you choose? What are your ideas regarding that topic?

Technology

Don Vito Corleone - July 27, 2021, 12:41 am

What are some of your past accomplishments/contributions to HF?

Two main contributions in terms of threads:

[Tutorial Beginners Guide To Quality Information Gathering \[SECURITY\]](#)
[|| 3 Winners x \\$10 BTC \\$30 Total || +Rep & Post To Enter || STAFF Will Pick 3 Winners](#)

Besides this I'm checking the GFX, code and web construction sub forums daily to help out wherever possible.

Are you particularly skilled in any areas?

I've been doing sports my entire life and know quite a bit about working out, recovery and nutrition. I've also been gaming for pretty much my entire life, currently I'm pretty good at LoL and play CSGO/OSRS on the side to chill. I can also find my way around with PHP, JS, HTML/CSS and have built a few websites over the years.

What hobbies and interests do you have? What do you do in your free time?

I'm working out almost daily. Nowadays me and my mates are talking about and researching upcoming fights every day, we like to watch footage and keep up to date with the fighters. Past weekend didn't go too well for us, but that's part of the game. Browsing HF, playing Leage, OSRS or CSGO at night are also my hobbies. If you count smoking weed as a hobby than add that to the list as well ?

Have any idea for event you would like to host with the help of the group? Please describe it to us.

Currently I could only think of giveaways I could host myself such as OSRS gold or League RP

giveaways, just like in my \$30 BTC giveaway linked above I would try to let a staff member pick a winner. Would need to check some members out to see what we can host together with the group of course. We could possible organize some HF pvp tournaments for certain games.

We want to get to know you. Tell us a bit about yourself and why you would be a good fit. How do you see a day in Pink LSZ?

I've already mentioned most things in this application. How I currently would see a day in the group would be checking out the sub forum, game with some of the members (upgrading my pc in two weeks as well) and continue my daily HF doings. Possibly even talk about some fights if anyone follows combat sports.

What topic did you choose? What are your ideas regarding that topic?

I chose gaming since that's what I would mostly be doing while browsing HF. We could possibly write a League guide (CSing, lane pressure, map awareness, jungle awareness, objective control) for the hard stuck members still buying leveling bots or accounts, instead they would chill somewhere in plat. We could also do some OSRS gold or League RP giveaways as mentioned above.

Nate - July 27, 2021, 12:43 am

OliverSc - July 28, 2021, 1:36 pm

What are some of your past accomplishments/contributions to HF?

I'm spending most of my time here on HF trying to help people understand how bitcoin and blockchain work, I'm trying my best for a better community. :)

<https://hackforums.net/showthread.php?tid=6100714>

Are you particularly skilled in any areas?

I studied Engineering but I'm also coding sometimes whenever it's necessary, I also study statistics and I like it.

What hobbies and interests do you have? What do you do in your free time?

My hobby is to search around on the internet about new cryptos/projects, as I'm into bitcoin since 2010 I've seen many things. I research about the team, their previous work etc. I kinda love btc and blockchain, won't lie haha.

Have any idea for event you would like to host with the help of the group? Please describe it to us.

I could help a lot with my crypto-knowledge. In general I'm searching many hours per day new projects as I mentioned and I can understand which projects have a potential, so I could help the group a lot with my advices.

Also I will help the group by helping everyone who needs help with crypto/info about how blockchain work (what is a node, how the chain works, chain scripts etc etc)

We want to get to know you. Tell us a bit about yourself and why you would be a good fit. How do you see a day in Pink LSZ?

I know many members from the group already and we spent time together on convo, had fun I can say. I also loved these mushrooms. I guess, if I join, I'll spend couple hours per day chatting with you guys/girls, that would be awesome.

In the end, chatting with people and listen to other opinions might make you better in many sections :)

What topic did you choose? What are your ideas regarding that topic?

Just because I studied engineering, blockchain and I'm a tech-guy, I would choose the third one. Engineering, Software and Technology

P.S. About the 1 dispute that I've got in my profile, it's invalid, I tried really hard to discuss with the guy in order to refund him even if I didn't have to do it, also he just opened the dispute and disappeared. I hope it won't affect my apply.

Zero - July 29, 2021, 7:24 am

We're still looking to add more new members ?

Thank you everyone for taking your time to apply. We're reading every single application.
?

Maxorg - July 30, 2021, 5:44 am

Keep the applications coming. Remember to put in as much effort as possible.

RedEyed - July 30, 2021, 9:07 am

What are some of your past accomplishments/contributions to HF?

I am a fairly new to HF but bring great quality and contributions, my first giveaway I offered a free landing page custom and bespoke web design for 1 member, winner has been selected and we ready to get to work. I am also open to collaborate with other web developers for giveaways or general projects if I have free time and would have no problem offering discount to current Pink LSZ members for my web services.

Are you particularly skilled in any areas?

I mainly work with HTML, CSS, PHP, JS / jQuery , Bootstrap 4 or 5. I also provide script integrations with static websites such as HTML to Wordpress, Billing area integrations (such as WHMCS for hosting) and forum themes.

I have a lot of knowledge in linux systems also which is helpful for setting up servers, system admin tasks...etc.

What hobbies and interests do you have? What do you do in your free time?

I am living my hobby, I wake up and start coding for clients and I do that all day every day, I love what I do and I can get high all day and enjoy my work. I also watch a lot of sports, play Warzone and chill in free time.

Have any idea for event you would like to host with the help of the group? Please describe it to us.

I am interested in providing web dev work collabs with other group members to giveaway as group giveaways.

We want to get to know you. Tell us a bit about yourself and why you would be a good fit. How do you see a day in Pink LSZ?

I am an active member with regular posts in current groups forums, discord and all around HF, I work from home so I am online all day and can put some real hours in.

What topic did you choose? What are your ideas regarding that topic?

Technology or Software, I can write about web dev and also PC building as I am interested in building PC's and have built multiple of my own in the past.

If you would like to look at any of my recent work, feel free to message me and I can provide proof and vouches from creditable HF members.

Zexo - July 31, 2021, 9:36 am

What are some of your past accomplishments/contributions to HF?

Whenever I make a thread it is a contribution to everyone that reads it because they will usually laugh ;)

Are you particularly skilled in any areas?

mechanical engineering, weed, 3d printing

What hobbies and interests do you have? What do you do in your free time?

Anime, traveling, gaming, eating, and watching memes.

Have any idea for event you would like to host with the help of the group? Please describe it to us.

group anime watch nights!

We want to get to know you. Tell us a bit about yourself and why you would be a good fit. How do you see a day in Pink LSZ?

Hopefully I can meet fellow weebies and we can talk about anime.

What topic did you choose? What are your ideas regarding that topic?

engineering I guess. Could do an AMA for semiconductor engineering for anyone whos interested.

??? - August 7, 2021, 3:52 pm

Thank you all for all your application, we can still looking through applications and will contact new invites soon. Still accepting applications

Net - August 10, 2021, 3:40 pm

What are some of your past accomplishments/contributions to HF?

Just recently started to become more active on the forum, but I have been here since 2017. Some of the stuff I've contributed:

[+15 FREE Landing Pages for CPA](#)

[\[AUTOPILOT / PASSIVE INCOME\] - Make some LITECOIN while being on your computer.](#)

[Free GAS if you have NEO in their official Neo wallet.](#)

[>> 20,000 bytes GIVEAWAY << \(3 WINNERS\) | ENDS 31. 08. |](#)

I am striving to become more HQ, so I will probably do more contributions and probably do a monthly byte giveaway if possible.

Are you particularly skilled in any areas?

I am going to be honest I would say I am skilled in a lot of random areas. Currently finishing my masters degree on knowledge management, but my other skills include fitness, video editing and in the past even CPA.

What hobbies and interests do you have? What do you do in your free time?

I love football (soccer). From sports cards / stickers to the jerseys. Currently have a small collection of football albums at home, the last one being Euro 2020. Like I said I said a lot of random interests ranging from video games to videography. In my free time I normally surf the web and/or talk to people online. I also LOVE talking to people who have a different opinion on various subjects. I have a non-conflictive personality (you can check my forum history, I have never had any deal disputed or been involved in any drama).

Have any idea for event you would like to host with the help of the group? Please describe it to us.

Various out of the box giveaways. We can brainstorm together if needed.

We want to get to know you. Tell us a bit about yourself and why you would be a good fit. How do you see a day in Pink LSZ?

Been here since 2017. Never had any drama around me, never have any DD against me and I have been a lurker in the beginning. My posting activity started when the whole Covid - 19 situation happened and of course quarantine. Ever since then I have been on HF on a daily basis (almost). I would say I have a calm personality and have a non-conflict personality. I also try to push myself to be a better version of myself than I was in the past (mentally and physically). Would I be a good fit? No idea, we would have to see. How do I see a day in Pink LSZ? Honestly, no idea. Would have to see it first hand before anything.

What topic did you choose? What are your ideas regarding that topic?

Would probably choose Gaming. I used to be obsessed with games. Nowadays I don't really game that much since I have other responsibilities, but in my free time I do love to just turn off my brain for an hour or two and just play a stress free game. My favorite game right now would probably be Risk

of Rain 2.

Thank you for taking the time to read my application.

Born2Help - September 1, 2021, 7:17 pm

What are some of your past accomplishments/contributions to HF?

I'm mostly active in Marketplace, but I did some great (I believe) contributions to HF in the past.

[FREE Tutorial to get .COM Domain + 15 GB Web Hosting + SSL + Full Setup for \\$1](#)

- [MyGraphics.Design \[Domain Giveaway\]](#)

[\\$10 CONTEST. Ends In 2 Days. \(5th Of February\)](#)

-
Are you particularly skilled in any areas?

I love playing football with my team and my friends say, I've good skills when I play in the striker position. xD However, I have pure skill in digital marketing, creating landing pages, WordPress, CPA marketing, and etc.

What hobbies and interests do you have? What do you do in your free time?

I love playing football and travelling to quiet places. However, I spend my precious time with my family when I get free.

Have any idea for event you would like to host with the help of the group? Please describe it to us.
mhmm, sure.. I might think about giving away or making a small contest to win prizes. Besides, free tools that I sell to HF.

We want to get to know you. Tell us a bit about yourself and why you would be a good fit. How do you see a day in Pink LSZ?

I love making online friends and love to talk about anything stupid to meaningful topics.

What topic did you choose? What are your ideas regarding that topic?

Giveaway Stuff, Contest, Gaming related events, that I could bring to the group.

? Can't wait to discuss further, I loved this image ? and got my attention to join the group. haha

Maxorg - September 2, 2021, 1:57 am

Keep those applications coming in. We have great things planned for the near future.

Stanley - September 9, 2021, 3:09 pm

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Dr. Gonzo - September 18, 2021, 7:38 pm

What are some of your past accomplishments/contributions to HF?

[\[TUTORIAL\] Hacking Methodologies: Why you need one \[INFLUENCE\]](#)

[== SECRECY == >>> BEGINNER HACKING HELP DESK <<<](#)

[Dawn | Coding Sector Recruitment](#)

Are you particularly skilled in any areas?

hacking, programming, music production and teaching.

What hobbies and interests do you have? What do you do in your free time?

I like 3d printing, scifi, weightlifting, nutrition, and gaming occasionally.

Have any idea for event you would like to host with the help of the group? Please describe it to us.

I could be down, to host a course, a helpdesk, a hacking competition or any combination of those things.

We want to get to know you. Tell us a bit about yourself and why you would be a good fit. How do you see a day in Pink LSZ?

I'm a highly creative individual who loves to teach. I almost get more satisfaction out of teaching people stuff than I do from learning to do new things. Of course, I constantly like to learn and broaden myself but teaching others is very fun especially when they get good enough to help you out. And at the end of the day, that's what its all about in any group; collaboration. And If I can help someone then they're much more likely to help me and collaborate with me in the future.

What topic did you choose? What are your ideas regarding that topic?

Engineering Software and Technology. My Ideas regarding those topics range greatly from immediate and practical to hypothetical and overly ambitious. I'd be happy to have a more in depth discussion about this. But Immediately, my goal is to just learn as much about computer science and software development as I can because even after learning to code you learn it doesn't really stop there. The more you know, the more you realize you have a lot to learn.

??? - October 25, 2021, 6:47 pm

Back in business, open to applications. Previous applications are now allowed to be edited/reposted for further review.
