As mentioned in the post the pack is in the making, gave PeligroDinx some advice on how to proceed.
The fact that he is taking custom videos pictures and voice messages is absolutely priceless.

Also the fact that your buying a lifetime access to the content which will be added to on a regular basis is worth so much!

I'd recommend to buy this, with the content + Custom Verification Videos + Customer Verification Pictures + Voice messages you can't go wrong!

Thanks

Bought one discount package, Emily. The purchase went smoothly, OP delivered quickly and the package itself looks great, It's not very large right now. However, there is enough to start a premium snap without a problem.

Can definitely work with this. And will be very much looking forward to the weekly updates.
If OP keeps what he promises, this is really worth it! Getting new and fresh content all the time.

Vouch!

The pack provided is good quality, recent good quality pictures. I've not seen another thread on HF providing the same service.

The pack is still 'in the making' but even the content provided is enough to get a return on your investment.

As long as the weekly updates continue to flesh out the pack, this will be very useful to me.

Look forward to ordering some custom content too, not something that is usually possible when you buy a premade pack.

(Aug 3, 2021 10:14 AM)KOOODA Wrote: [\[CITE\]](#) I bought this pack today and I'm fine. Like the OP says, it include Non NSFW and NSFW. Verification pics and vids are good and thoughtful, you also get a kind of support double dips. First of all, OP is very quick so it can help when you're almost closing a sale but need verification. What you get in the pack is enough to run the premium snap for about a week, and the updates are weekly. So there's nothing to worry about. When I go back to ewhoring and start using the pac and receive an update I can tell more. But atm it's fine.

I like the pack content and the girl is ok looking. I can recommend it because you will get updates.

(Aug 8, 2021 10:22 AM)blxcklist Wrote: [\[CITE\]](#) Just purchased the Emily Pack for 25% OFF.

The folder is not very large but should be enough for the beginning, there are NSFW and SFW pics/vids.

OP also provides custom pics/vids/voice messages from the girl, which is priceless because you don't really see services like this very often.

The OP says that he will also provide weekly updates every monday from the girl, which will be amazing to work with.

Looking forward to work with this pack.

The quantity could be a bit more but since the Emily pack is just released and there are weekly updates I got nothing to complain so far. OP answered all my questions, is very friendly and the purchase turned out smooth.

Hey man not trynna trash your post or anything but if your selling a pack and charging \$100, I think people would at least expect to know how much EXACTLY pics/vids it got, what kinda sets it has, and some more information. I actually wanted to buy but when I opened the pics link all it has is like 4 pics - which is clearly not enough! Hope you can add more information my friend and good luck with selling :)

The Emily pack which is out right now contains at this moment 150 items. This includes daily lifestyle content, NSFW content and verification content. These folders will get updated weekly for the buyers. I'm updating it myself every single day and release 1 update to it once a week. For custom content which only you will get you have to pay extra.

Everything is organized so you can start right away with selling, for example take a look at these pictures so you can imagine how the pack looks like:

Main folder: <https://prnt.sc/1ic7h13>

Daily lifestyle folder: <https://prnt.sc/1ic7lik>

NSFW folder: <https://prnt.sc/1ic7ols>

Verification folder & Verification videos folder: <https://prnt.sc/1ic7rd6> / <https://prnt.sc/1ic7u7i>

The next 5 buyers are getting a discount as stated in the opening post which is 50% which means the pack costs 50\$ right now. (Includes lifetime access and free updates)

It's enough to get all the money out of it and extra untill next update, I expect that the amount of content will be at 200/250 when I release another update next Monday. (This does not include custom content)

I hope that I answered your question perfectly, if not please do not hesitate to send me a PM.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first

post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

I think user exit scam us, I was supposed to get the pack update on Monday. It's Wednesday and he doesn't even respond on discord

Xoid - August 11, 2021, 3:49 pm

Agreed OP no longer responding, disappeared when the pack was due for an update.

blxcklist - August 13, 2021, 3:30 pm

I can confirm, op doesn't respond.

V.V.V.V.V - August 16, 2021, 1:44 pm

I really don't recommend this anymore!

Op failed to deliver the first week.

Got a smaller update after a 10 days and some excuse that both he and the model was very busy. A few days later he is trying to sell the FanCentro and onlyfans account with the model included.

This means he will no longer supply anyone with updates! Because if he is selling the source....
