PredatorToken - August 2, 2021, 2:11 am

Predator introduces ultimate BSC tokenomics, focusing on (extreme) sports and will become the industry's cryptocurrency leader. Predator is not just a crypto, it's a brand. Join the hunt. NOW. The Predator Token will launch at 6th August, 2021 on Pancakeswap.

Predator's tokenomics are a combination of the winning aspects of well performing crypto projects. We added our own little flavors here and there, and built the ultimate BSC contract.

Predator is a brand. We are aggressive. In the way we want to conquer the (extreme) sports industry, as well as in our marketing approach. Predator will launch its own gym wear and fitness clothing collections, introduce crypto pay TV and set up an NFT ticketing system for sports events. We refer to our roadmap for a full outline of our mission and goals.

- 3% to liquidity pool

We know what's happening around us, there are many bad projects around that wants only to steal money.
We got a nice idea (in our opinion) and we want to pursuit it.
Our team is fully dedicated and we're working really hard on this project.

Always DYOR ofc, we don't ask you to trust us just by this thread.
