If you're looking similar vibes, I would recommend you Black Clover

Don't touch Boruto please. It's pure Trash. It was created to undo everything Naruto ever did.

Demon Slayer, you won't regret it

Have you seen Bleach? That's one of my favorites of all time. the main character Ichigo is also my favorite anime character, can relate to him a lot. Plenty of action too like in Naruto.

Ah, this was posted months ago, but how are you with your anime journey, [hayesh](#) ?

Watched anything new?
