What type of brands do you work with? I deal a lot within the luxury realm. This seems more designer, but curious to learn more.

Thanks.

This method in specific deals with one brand, though through the mentorship I will share some other resources that I have in the E-commerce area :) The brand this method deals with would be considered "near luxury"

Can you pm me the brand or is it just a rando cloth store? That's a big difference for me if it's actually a recognizable brand.

Yes, it would technically still be possible - but you'd have to add abit of a twist to it and find a way to get the products delivered to a US address then shipped to you, or you'd have to drop ship your sales.

Of course brother, I will message you ?

Camf ? - August 8, 2021, 10:03 am

In a few hours, I will be limiting it to 3 people, and raising the price point. This is a private method, that you'll want to take advantage of before it's gone and no longer works. :)

Act fast guys! Even if we don't hit 3 people for this mentorship, I'll most likely shut it down in a few days. This method WILL NOT last forever, get some clothes/profits while you can :)

Sheepman23 - August 9, 2021, 10:34 am

May I also know which brand this is for?

Thanks brother!? No vouch copies since it's limited to only 3 sales (2 left). Just a few lucky risk takers will get in :)

Update to my other post about the mentoring - CamF is a very friendly and knowledgeable guy, we got on a zoom call and he's definitely down to earth and knows what he is doing. We're splitting up the mentoring in to 3 different days, Today I was shown certain things to do, how to properly use the method, and also sent me my credits to use.

He also made a to-do list for me until our next meeting and also recorded the whole zoom call for me. I definitely recommend this mentoring.

OP was quick in replying to any questions I had. Personally I don't like the idea of having to ship out orders and don't know about the long term effectiveness but this method would work for the short term to anyone who wants a quick little profit.

It is definitely a short term quick profit thing, though within the mentorship I will teach you how to leverage it and create a more sustainable e-com income.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
