"I wasn't trying to be rude" just say you're autistic and move on.

You were clearly rejected by every woman you've ever made a move on and are projecting your frustrations, it's ok bro you'll find someone to touch your matted, dirty self one day.

Now let OP hustle in peace ya absolute freak.

I mean no offense man, but its clear that youre under 160 lbs and like 5'6. I could easily 1 punch you in real life. My only frustration is how loose your mothers butthole is these days. Im going to have to dump her. Sorry bro.
