Thread: [\\$10 to first 15 people to wear my AD as their sig](#)

Rules

You have to keep it as your sig for at least 5 hours

Just leave your crypto wallet address and purchase the sig or post here that you are entering and I will PM you it

First 15 people I see put it as their sig get \$10 within 10 minutes of them having it as their sig

I am only doing \$150 worth so first come first served basis

not sure about this, we first have to pay 150 bytes for your signature ? without even knowing what it is.

Also you are a brand new user, no guarantee at all that you will actually pay for this.

DOUBT

Remove the content and upload it again.

Also, I wouldn't charge people to see your username.

Either use a Contract or ask them for free.
