Without divulging too much information, I will tell you that OP was truthful in stating that there are multiple methods included in the e-book. It is a long read; however, that is due to the number of methods, as well as the detail in the instructions. The large font on every page also makes it seem longer than it is. I feel that the variety of methods offered will satisfy the need of most, if not all buyers. Basically, there is something for everyone. As we know, people have various ways that they are comfortable making money and whatnot.

There is one optional section that is grey hat, but everything else looks to be white hat. The grey hat method mentioned is optional and can easily be skipped or done differently.

OP goes into great detail explaining everything and I only noticed a few spelling errors throughout the entire document. As advertised, no initial investment is required for many of the methods, but as well as know, it is highly recommended in some cases.

I'll never say that anything is risk-free, but OP does mention that a refund guarantee above (for the more expensive option). While I wouldn't personally offer that myself, it should provide a bit of reassurance to anyone who purchases the supreme version. The cost of the ebook seems reasonable as a buyer could easily make that amount back using most of the methods.

All in all, I rate it 8/10.

That remains a secret ;)

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Are any vouches available for me OP?

Palms - August 20, 2021, 12:52 pm

Nice thread design but it gives nearly 0 information regarding what u are trying to provide us with...I'd like to know more what's included in ur multiple money making methods.. Or at least what's not included or if its blackhat or a whitehat? Also can u provide any kind of proof of earnings or something?

Looking forward to check out any vouch reviews.

If youre willing to give out any free vouch copies I would gladly write a review to increase your sales, Hit me up.

Hey, I understand that the e-book is quite mysterious at the moment, but I don't want to reveal what the methods include. All the methods in the e-book are considered whitehat, and I'm working on

getting a few vouches very soon.

Hey, I already gave a VC and I'm waiting for it to be written, sorry.

This looks promising, but the fact you don't give any detail about your methods (without revealing them) can be a brake for some people.

would be happy of a vouch copy
