Thread: [Yoo, is there any Italian in this forum?](#)

ddstr0 - August 18, 2021, 8:07 am

Hi, let me introduce myself: I'm a 16y.o. italian boy, I love "coding" (so far I'm quite good only in the Windows environment, PowerShell etc.) but I'm not very good at english (so if there are any errors I apologize in advance).

Da quanto ho capito ti piace il coding quindi qualcosa di più tecnico che anche a me piacerebbe imparare, se ti va di parlare un pò delle nostre esperienze per migliorarci ci sono!

P.S: Laudetur Iesus Christus

Praise Jesus Christ all you want, he isn't responsible for the horrible things that the Catholic (and other) churches have done for years and will do for many years..

Non si scherza sui pedofili..., even though you might be blinded by the love for Christ.
I do not blame him, I blame those who use his name to Sin, instead of heal and forgive.

You're right He isn't responsible, but not because someone in the Church did something wrong so all did. People always try to find a rule perché gli pesa il culo revisionare caso per caso (ex. racism --> "white people are racist/black people can't be racist"; cases of pedophilia in the Church --> "all priests are pedophiles").

No mate, you've just said "the horrible things that Churches have done and will do". You blame the Church and the Christians.
