You can see my previous posts of making sure members conduct business legitimately and aren't just trying to make a quick buck.

It looks too sus to be true as you could literally make a million off selling phones if done correctly. Are you willing to give me a vouch copy instead of other people who are relatively new/ beg for VCs every thread? Let me know, glws.

You could've given it to a range of different other reputable, aged HF accounts but it's sus you give

Joined in 2012 but one of his most recent threads was in 2019, with a substantial gap between that and his recent posts ? A lot of people, including myself, find that suspicious. You've sold to multiple people and not one has come back with a review, surely if it was a method that could be executed quickly there would be a review of some kind?

Please offer the VC to someone who's reputable and isn't a vouch copy beggar.

Yeah works in NL

Unlimited amount of times you just have to change the method slightly each time I can explain this

1 per day is once you receive your first phone if you kept doing the method every day you would get one every day

\$50-100 returned within a week

No SE there is an element of refunding but it is a completely justified and legal refund

The method to get the free phones seems like it's very legit and will work. It does require a small investment of cash which is later returned to you. I'm not sure how repeatable it is if you do the exact same thing every time, however I'm sure you can continue to do this many times over if you use your imagination a little.

If you're interested in the phone farming methods more than the phones, this probably isn't for you. The farming methods are all things that are pretty well known already, to the point I don't think you could sell them alone as their own "method" without having some upset customers.

All in all, I think it was worth the \$20 to know this.

\$40-\$120 depending on what phones you want.

What's the situation about this method in France ? Thanks

Ambunbunmew - September 9, 2021, 12:18 pm

Method will work but doubtful btc minding will be profitable after cost of running them and I'm not sure about phone farming websites seems like it won't make enough profit to make it worth it .

The free phone method gave me a few places to try this on although .

also if your in America I would not bulk this to sell them(they are China smart phones) .

This will be great if your trying to do something like [BRAND NAME REMOVED] like me or whatever app .

Would you please message me some more details on this if possible? Very interested.

I'd like to know:

Do I get to pick exact phone models?

Would I be contacting Telecommunication companies?

Does it involve refunding?

Does it involve investing?

Are phones locked, broken, etc.?

backz - September 17, 2021, 11:28 am

So I got the phone, refund was instant.

How do I repeat - that's what I'm unclear on.

But they were within minutes sending a refund.

\$71 CAD phone for free - not one I'd personally want to use but for leveraging phone based money making apps it makes lots of sense honestly.

WELL worth the super cheap price of the method honestly. Especially if you can walk me through the repeating bit - I kinda want to get a few dozen of these.

Make profit when you receive the first phone in 3-5 days if you choose to resell the phones, will take longer if wanting to build up a farm. Phones received in 3-5 business days. Investment of \$50

needed but you get this back upon receiving the first phone.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP

(Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
