GRIT playtest

About the game:

This town ain't big enough for the two of us. It surely ain't big enough for all 100. Ride or die in the ultimate Wild West battle royale, where there's more to winning than aiming true. Saddle up and ride across town, building the best poker hand from found weapons to make a killing. Grab the best shooter to hand and gun your way to infamy on the new frontier.

Explore the towns, oil fields, and plains of the untamed west as you try to hitch a ride on the last man alive train. But hold on to your 10-gallon hat - it'll protect you as you're shootin' up a storm! If a gunslinger shoots you down, keep your hat on - a 1v1 Wild West showdown could put you back in the game if you got a quick draw.
