Thread: [***MARKETING SERVICES FOR HIRE*** PAID ADS\(GOOGLE/FB/BING\) *** SEO *** WRITING ***](#)

Grey Knight365 - August 21, 2021, 11:21 pm

Good evening,

I am a digital marketing expert with a degree in Marketing, a minor in entrepreneurship and international business.

I currently market for
07services.com/mmopurchase.com/rspeek.com/rs3services.com/walsugold.com & 3 other undisclosed companies. These companies range between revenue's of \$100k-\$1M USD each so they are all classified as "small business". I can have clients confirm the quality of my work if required or you can simply run your own analysis on their relative businesses.

I am looking to add to my portfolio of clients; I offer the following;
Creation of Google ads/Bing Ads/Facebook Campaigns & optimization of them
*SEO advice/growth advice as required
SEO optimization & keyword research Blog/Post writing and on-page content optimization
Other as required

I bill on a bi-weekly or monthly basis, I do not have an hourly rate as every client is different, my rates can be as low as \$250.00 a month to as high as \$2,500+ a month depending on the needs of the client, I do not market black-hat content. In general payment is due up-front however I can discuss the applicable payment with clients as required.

Please send me a private message if your interested with your contact information (Discord preferable).

Thank you.
