Hey

Is it allowed to sell a service providing proof pictures for ewhoring or not? My gf would be down but idk if it is even worth nowadays.

Don't see how it's any different then selling packs

Because you can show anything that anyone would ask about for proof? A lot of people ask for weird shit for proof now

I think it's allowed, either way, you can do it on Discord EW communities.

I don't see why this wouldn't be allowed, when packs and customs are sold here often. You'll be fine, I'm sure!
