Code I will not go first unless I feel comfortable.

MM can be used, if there are any fees you are paying them.

Once the job you ask for has been completed there are no refunds.

The models are real people, they have a life, and not online 24/7 although they are very responsive.

Daisy and Sara are from Europe but they speak good English.

I may refuse to do business or decline any requests.

I can change the terms and conditions without warning.

All deals will have a HF contract.

OP is very friendly, easy to deal with and responsive. I had a very unique request and he was willing to work with me and took care of it relatively quickly considering what I was asking. I'm

waiting for one thing to happen, then I'm going to purchase more.

Very trust worthy, very beautiful girl, great seller. Definitely vouch for this

If anyone wants real girl to ewhore with that will provide custom photos and videos, do not hesitate to reach out to him.Let me add to this that what he asked for was very specific and it was completed with success but didn't work out as planned not due to my own fault or models fault but the plan he had just didn't work out as he expected. The service was 100% done from our side.

Tried making it up just because I didn't want things to end badly for him and offered my help and discounts as well to make up for it.

The client was warned before paying the risks and that it may not work, he was fully aware of the risks and still wanted to proceed.

I won't go into details of what he asked for as that's private between me and my clients but I am glad he turned out to be a great guy who understood that it was not my fault or model's fault that it didn't work out as planned.

Hey, great thread!

I am willing to take advantage of your services but first i gotta ask if your model is able to take video verifications on different language than English? For example Deutsch?

If there's such a option, please PM me :)

How large are the packs currently and is there any guaranteed amount of time they will be continued to be updated after purchase?

(Sep 24, 2021 05:10 AM)pr0sper Wrote: [\[CITE\]](#) How large are the packs currently and is there any guaranteed amount of time they will be continued to be updated after purchase? So far each pack has content for minimum 11 days, tonight there's going to be an update which will push that to around 13-14 days worth of content. Folders are well organized and easy to find anything you want, a lot of verifications already, nudes, semi nudes, clothed, videos, solo etc

As for the time it will keep being updated it really depends, but either way what the pack has now it's worth way more than the price I'm selling for, in my opinion, specially when you combine that with being able to get custom verifications from the models.

Hey guys, a little update

Took 2 weeks of my real job to improve this service and to make some extra money myself.

Created a discord group for all my clients.

This helps me reach every faster with updates for the pack.

Control custom requests as there's a few of you who request it quite frequently.

Easier communication.

Also, the discord group contains a lot of useful information in general for ewhoring.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
