Thread: [Make Money With Porn! \(Earn Money As A Content Manager On My Porn Site\)](#)

Kryme - August 31, 2021, 7:59 pm

Hey everyone, I will keep this short and sweet!

Referencing this thread: [Looking For Virtual Assistants \(Make Easy Money Doing Easy Tasks\)](#)

I am currently looking for someone who would enjoy being a dedicated Content Manager for my Porn site.

I have had a few members pull out as they didn't realise they would be making money while watching porn...tsk

Anyway... If this sounds right up your alley, the job will include of the following tasks.

Research Videos -> Scrape -> Edit/Review -> Encode -> Final Changes -> Publish

Be advised that these tasks can all be done ONSITE (except the researching of videos) with the webpanel tools provided, you just have to man the machine to put it simply.

I will be paying via Paypal.

If you would like to discuss this further, post your Discord or add me: Wynx#8762

Can I get some more information?

Worked a lot with porn in the past and this seems interesting, depending on how much I get paid ;)
