Thank you, we are still active and have some plans coming up for the future! Looking forward to show them on the forum!

I vouch for this group. Good people, but not enough members, if I can be honest. I like where this group is going, but needs more motivation, even from myself ;)

Apart from that, solid group with honest workings. All the best Rain! :D

Happy to be part of this fantastic crew. Rain is extremely active, keeping members active. Rain frequently does giveaways, game nights and organizes a bunch of things! Great crew, all in all. Rain works hard and it pays off! 10/10 Highly recommend for anyone who wants to be part of an active group!

It definitely is! I've actually done it in the past with my homies on CS 1.6 back in the day along with OSRS and I can say it definitely turned out how how i never would've guessed... which was amazing like we literally are still in touch as of today it's crazy how these games/communities can go as far as making them into real life acquaintances!

Heresy members are into folklore, mysticism and all that cool stuff. Never heard anybody talking about anything related to E-Whoring or black hat activities.

Not sponsored as I'm not officially in the crew, but these guys are great!

#1 Crew Baby! ?

I don't think we really participate in Hackuman in Heresy. I don't believe enough of the crew members had interest, so it was never pursued.

We do have a very small Hackuman section, however, it is so tiny as literally 1-2 people in the crew engages in Hackuman, if the interest does get bigger, we will utilize this more, as this is something I would like to develop within the Crew, but yeah, you are correct. Right now, it is a very small part of

the crew!

Hackuman has pretty much died out, but if you bring it back or start getting people back into it, count me in!

I think since the HUM exploit, the game really took a slide down hill..... We will see, think HF needs more engagement than what it currently has and then HUM could be a crazy game.

Stanley - March 2, 2022, 10:33 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

I have been getting more and more into HUM, I think it's good fun. I'd like to see more grey users playing though.
