SIM-3323508 - September 2, 2021, 4:57 pm

WTS the official group PolyMath for 1ETH or 35 SOL

Contact if interested ?

neightworks. - September 2, 2021, 4:59 pm

Neal was looking for a cheap group to pick up a few months ago.

That being said, Poly doesn't have any bonuses does it? 4k for a default group is funny.

I don't have time to run a group, but 1 ETH is a nice price for such group I think.

Realistically the group is worth 2k mini \$3k max

Dorrance - September 6, 2021, 11:42 am

Don't post on this thread with your opinion of group value. I see every time a group for sale thread goes up it's the low balling kids who offer or try to rugg the price down so they can keep a deal. Then sale high later.... Either pay what the seller is asking or get off the thread.

Look Dorrance, if we too won the BTC lottery a few years back we wouldn't complain about the disproportional pricing, but we didn't. We're poor and we god damn deserve the lowest price possible.

Stanley - September 22, 2021, 1:50 pm

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
