Web Development

Im willing to offer my services for FREE or Highly Discounted to highly reputable people on HF.
(Depending on the project)

I have been developing websites for around 2 years now, Mostly for my own projects.

I will develop any website you need as long as it follows HF rules.

What else can I do?

- Fix your code
- Install pre-made scripts that you've purchased on CodeCanyon.
- Work with wordpress

Lets bring your idea to life!

Hmm, OP doesn't seem to be active at all.

MoneyRocket - September 18, 2021, 11:41 pm

If you need help, I know about coding as well

Terminal - September 18, 2021, 11:49 pm

If you are a capable one, I have an API to code, and I can pay if it works as indented.

Are you able to create a simpler crypto gambling site, very specific, not too complex, and utilize the backend fully? And stick around for future (paid) updates?

Massive vouch to DevNode!

He grabbed a project that was abandoned in 2020 and in the span of a few days he completely overhauled the entire thing and let me have a really polished product to launch.

Thanks a lot once again mate!

Do you have telegram? If yes please dm me

DevNode - March 8, 2022, 5:38 am

Available for any projects any has, please just get in touch with me.

Mr.Peanut - March 17, 2022, 1:05 am

Hey man! I tried reaching out but your inbox is full.

Could you pm me your Discord/Skype/(or telegram)?

If so, could you send me your username and we could talk much easier on there. 100% willing to deal on site, just want to talk over another platform as I see messages faster/check more often on the go.

Thanks!

DevNode - May 30, 2022, 12:18 am

Currently spending time working more, if you have any projects feel free to drop me a message.

DevNode - June 14, 2023, 2:03 pm

Devnode is back and open to work - message me if you need any web development work! Previous work and vouches can be shown.

I have a project/theme that needs to be checked out maybe some adjustments, for a vouch? Can leave a good review and would probably be a good review for your portfolio.
