did dealings with the user previously without issues so I had no issues continuing to trust the user, he got me for more than the 500 that's listed on this dispute but as it's not relevant to the dispute there's no reason for me to cry about it.

Yea I know. It is what it is, there is nothing I can do about it. I won't lose any sleep over it as the scam even though quite high isent going to hurt me. it's just going to make me a lot less trustful of exchanges offered on forums.

Why didn't you say anything sooner?

I opened my dispute now as it was clear I was not going to get my money back.

That is the reason.

Yea I believe there is a cap on the number of disputes you can have open. so I guess my dispute pushed it over the limit.

speak with live support from venmo , adn tell em , you don't know a shit about this deal , so they will suspend his account ...

They gonna ask to provide some docs to remove the hold from your account also!

Cause they will think you got hacked , try it and let us know thanks!
