Thread: [Targeted leads for your business campaign](#)

00o7 - September 9, 2021, 4:56 am

I am providing targeted leads for your business campaign.

A lead usually is the contact information and in some cases, demographic information of a customer who is interested in a specific product or service. There are two types of leads in the lead generation market: sales leads and marketing leads.

We generate leads from social media marketing, and some hacked sources so all leads will be targeted.
