Thread: [Partner \(USA or UK preferred\) | Make a whole website service / shop | Automated](#)

SIM-5046007 - September 10, 2021, 5:35 am

Looking for a partner located inside the USA or UK (preferably) to join my in an adventure to \$50k within 1 year.

That's the aim.... to make \$50k in 1 whole year from this service.

We will discuss many different ideas, the positive and negative reasons for them and the budget they will cost to make.

Why work with me?

I've created over 786 websites for clients in my past time, with over 600 positive feedbacks.

I can work on Crypto, Blogs, Forums, Shops, API's, Tools and many more projects.

Feel free to ask me to see any of my works and / or what I can do.

We will be making either a website, or tool, or even maybe both.

Do not come to me if you do not know at least one of the following:

- Website design / development
- Tool development
- GFX
- SEO / Advertising

I am in this for the big bonus ? so am not looking for someone who will not be willing to put the effort in and leave me on day 2.

I need someone dedicated, disciplined, hard-working and great at what they do.

If you're interesting in joining me on this adventure to \$50k, please contact me using my verified contacts in the bottom left or by clicking on my profile and getting my socials.

LET'S MAKE THIS BREAD ??

Looks promising. I'm also trying to make a project on my own, maybe we can help each other?
