Thread: [Xerotic's Role Reduced](#)

Omniscient - September 10, 2021, 3:52 pm

Xerotic will no longer be a full-time HF developer. Changes in his personal life and career has altered his available time for HF coding projects. He will remain in the Admin group, maintain his status, and keep his access for the time being. He is still committed to fixing any known or reported bugs but new projects are currently on-hold until I can obtain a new developer. Please respect his privacy and refrain from asking him personal questions on the matter.

I also want to add a personal thanks to him for the time and effort he has dedicated to HF. I wish him the best going forward and appreciate all he has done for this community. I hope he is around enough that we don't miss him too much.

Thank you.
