Thread: [Looking for adult Snapchat traffic \(profit split\)](#)

Jibohinis - September 11, 2021, 4:39 am

Hello, experienced eWhore chatter here. ?

I am looking for a partner who could bring high quality snapchat traffic. The profit split would be 60/40 or 50/50 depending on the traffic. I can make no less than 1000\$ per around 1000 adds. I can send payments in PayPal, Wire transfer or in any crypto.

If you're capable and interested please send me a message ?

Basically, you want free traffic and then when you make a profit you'd be paying the person giving you traffic?

Don't take me wrong but I doubt anyone would be willing to do this, especially to a member with no reputation on the forums.

There's people selling traffic, invest money into traffic if you believe in your chatting skills.

There's people selling traffic, invest money into traffic if you believe in your chatting skills. It's not free traffic as I pay the person who is providing it. Reputation on the forums doesn't mean anything, I am sure it is not the best way to calculate partner's creditability in real life. Also, there are people who are not selling traffic, but can bring it and they would make more money from me converting it and sharing the profits 50/50 rather than selling it for a fixed price.

I wish you good luck, as a e-whorer, as a traffic seller and as someone who runs a pretty big-ish operation in the e-whore cene I would not feel comfortable giving you traffic and being paid later on when you make money.

That's me, maybe other people will think differently.

How can I be sure of how much you make?

For example, you tell me out of 1000 adds you made \$1000 but in reality, you made \$2000, you pay me 50% of \$1000 when in reality my share should have been out of \$2000. This example isn't even bad because I still make money, but let's say you say you made nothing or made hardly anything...

I am not trash-talking, I would be willing to work something out but your deal just doesn't seem very

fair to your partner and it benefits you the most.

We would be providing you with everything upfront and trusting you to tell us the truth about how much was made and to actually pay.

Just doesn't seem like something that I could trust.
Good luck.

Hey man, I do have a method on how to manually get more traffic to Snapchat, it will take about 30 minutes of your day, anything you are interested in?

Wow, this deal sounds great. /sarcasm

Actually, this deal would be too good for any traffic provider, because I would give him so much just for bringing traffic. I would spend my time, experience and ability to convert the traffic and for example pay as much as 50% of 1,000\$ when dude spent 1 hour gathering adds with a bot and spent 20-130 bucks or something? I would literally 3x-4x his investment just for clicking on a few buttons lmao.

You're all idiots with your /sarcasm thinking this deal is bad. Why sell [BRAND NAME REMOVED] account with adds for 90\$-200\$ when you could get 500\$ partnering with a chatter? Ya'll missed the opportunity to make passive income from me and I don't give a fugg anymore cause I do big cash already. Knock, and the door will be opened to you:) Have a good day and shut your little mouth.

Good luck having anyone want to work with you after that little outburst. What are you, 13?

Go buy some \$5 vbucks and candy with your "big money", big guy.
