Thread: [Australian PSN cards \(or an Australian to buy me them\)](#)

znc - September 11, 2021, 10:09 pm

I need Australian PSN gift cards. I'll pay a little extra in USD using crypto or any other payment method really.

Right now I need like \$150-\$200 AUD worth.

Let me know if anyone can do this. I found a few sites that sell them but my card doesn't work on them, probably since I'm from the US.
