Thread: [Cyber Security Hacking Training Services](#)

MrQr - September 13, 2021, 11:35 am

Hello Everyone!

My name is MrQr and I am proud to be releasing my services. I have put together the best cybersecurity team that can help anyone from skids to expert hackers and help their skills even more. I have been in the cyber world all my life. I am actually in the Hospitality industry and I love it. I have always wanted to combine cyber security and hospitality and I have found a passion in doing so.

For our Services we provide, we do group class and one on one training with a top notch expert hacker. It is our priority to assign you the perfect hacker that can help you become the best in your field.

We have experts in the following field:

1. CEH
2. OSCP
3. Sisco
4. CCNA
5. Blackhat
6. Website Hacking
7. Payloads, Malware, USB Rubber Ducky etc
8. OSINT, Social Engineering, Intelligence
9. More

Our Pricing is very fair so please don't come to negotiate. We are very busy and we have a lots of students that train from us.

We can offer a 30 minute free class to show you how you will be taught and how everything will be conducted.

We will only do HF contracts. We do not Scam and we dont want our time being wasted also. We are the only team that teaches like this and I am very excited to share with HF.

The Pricing Model is per Month. We will go over how it exactly works also but first contact us on HF as many scammers try to use our name and scam people. We will only work with people that make an HF contract. I promise you will love it after the 30 minute free class on our services.

[contract=tid]Start Contract[/contract]

Stanley - September 13, 2021, 11:35 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
