Stanley - September 26, 2021, 9:58 pm

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Xen - September 27, 2021, 5:45 am

On and off I've spoken to you a few times and I think we have some similar interests so I'ma apply :)

Skills/Perks/Positive Characteristics

? I'm a pretty positive person, always happy to lend a hand to anyone who needs it. I have experience with servers and other web-related systems, I know a base understanding of some code and I can do a few bits of GFX Editing. Basically, I'm a bit of a tech nerd.

I spent the majority of my time playing video games and working which from what I understand some of the guys in Hustlers also do. Right now I'm playing Escape From Tarkov and a bit of Minecraft (Monitoring/Running PinkCraft too). Used to be quite addicted to competitive FPS games like CS:GO, Overwatch and Valorant. Reached SMFC and was Top 500 for the end of a season in OW but don't have the time for that anymore sadly, used to manage some teams also.

What do you bring to Hustlers?

? As above, lots of skills in lots of places. I've dabbled into a lot, even on the forum with the Wiki and have quite a large knowledge base on group and crew history. I will also bring a mostly positive view and a helping hand.

How active are you on HackForums?

? Not as active as I'd like to be, I'm active on various HF communities (primarily on Discord) and help run a few. My forum activity is low due to how busy I've been with work.

Thank you for considering my application :)

Trapstar S - September 27, 2021, 8:07 am

Skills/Perks/Positive Characteristics

? Friendly, helpful and ready to help everyone (and myself in the process) make some bread.

What do you bring to Hustlers?

? I've got a lot of free game to give out. Been off the forum for a while to focus on chasing the bag elsewhere with a heap of new knowledge. White to blackhat. Hustle's a hustle. I was in the Masterminds until they closed very recently.

How active are you on HackForums

? Was extremely active at one point. Just got account access back today as I had lost my 2FA.

Sky - September 28, 2021, 12:23 pm

Skills/Perks/Positive Characteristics

- ?Graphics, Gaming, Writing.
- ?I'm hard-working, loyal and innovative.
- ?Easy to talk to, easy to work with.
- ?Capable of leading or following.
- ?Always interested in exploring new ideas and hobbies.

What do you bring to Hustlers?

?Activity, Events and Collaborations. I'm always down for meeting new people and trying new things.

How active are you on HackForums

?I'm online every single day, consistently throughout each day.

Accepted or not, best of luck to the other applicants and the group.

Justin - September 28, 2021, 2:09 pm

Skills/Perks/Positive Characteristics

? I'm a very open guy. I explore a lot of side hustles on a daily basis and I always think of my next move in terms of activity, business, meetings, and so on. I've never really worked a classic 9-5 since I've been a hustler since I was 13. My very first "job" was collaborating with a company to write some articles for them, which is a skill I still use to this day, as I run a homework service here on HF and other places. I've been involved in a lot of partnerships and side hustles throughout my childhood, now I'm 21 and I am still hustling online, grown up to have an LLC, and more and more activities. Been through ups and downs a lot but never gave up on my "entrepreneurial" mindset.

Besides all this stuff, I'd say I'm charismatic (not always) and I love to get involved in deep conversations about society, finances, movies, and any other topic that makes my eyes sparkle. I'd say I'm a pretty enjoyable presence based on the feedback I get from my IRL interactions.

What do you bring to Hustlers?

? I think I'll bring lots of knowledge on different topics and my advice and help in the fields that I'm somewhat experienced in. I can help members with assignments, proofreading and I can even act as a consultant in terms of starting a company in USA, as when I started mine I wanted to learn a lot about legal issues a company comes with. To say it shortly, I'm a jack of all trades and know a bit about everything.

How active are you on HackForums?

? Pretty active, as long as I sit at a computer which I do a lot, I'm hopping on and off the forum and constantly look at "New Posts" section to see what's new. Had a break from HF for the past 6 months as my IRL life has been a bit messy, it still is but it's a lot better now.
