Thread: [==> ASTRO TRADING <== INSANELY PROFITABLE STOCK & CRYPTO MARKET SIGNALS \[+100%/DAY\]](#)

SIM-2273342 - September 21, 2021, 8:37 pm

[Announcements - AUG 2021]

1. After several months of Cryptocurrency signals returning, we have experienced astounding success. 90%+ win rate!
2. We have successfully conducted three cryptocurrency signal challenges with the results being +3,000%, +1,400%, and +900% with the average signal challenge length being only three days!.
3. We are now providing FOREX signals! The analyst we contracted has a long and documented history of serious success in the FOREX markets. We anticipate these signals to be extraordinarily profitable.
4. One of our top analysts, "C", has created a bot which automatically produces signals by measuring quantitative market data. This bot produces signals twenty-four hours a day and thus far has a win rate of over +85% with the average signal returning +40% profit in just ten minutes.
5. Than you to Yahoo! Finance for publishing an article on our success!
6. Our FOREX signals are temporarily down. Expected date of return is TBD.

Results from our \$700 challenge, starting October 4 - September 19:

(\$700 --> \$25k in less than 45 days using ONLY our own signals!)

October 23rd Update

Disclaimer

Spoiler ([Click to View](#)) Trading requires a SSN for tax purposes. We do not condone those that are under 18 to trade without permission. Understanding the implications at hand and doing proper research is required. If you are underage, we recommend you wait until you are of age or to create a custodial account that is under your parent's surveillance with permission. Another option is to trade with paper trading.

Options Risk

Options come with risk as with any trading does. However, the amount of risk and volatility that it pertains to is much larger than traditional investing. Options are a great way to turn a small capital account into a large one, although under heavy risk. Risk management is something that you **MUST** exercise in order to be successful while trading.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP

(Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Is this the same group that's been sold/marketed by other members on here previously?

Will do, I'll work on that now.

Yes, the two other members terminated sales as they're more on the operational side of things and don't have the time for it anymore. They've taken me on as the sole marketer.

If you're still offering vouch copies I would love to take a little 1 week trial or whatever it is you're offering. I was in Astro Trading a couple months back (Did you guys switch ownership or who manages HF side of things orrrr?) and it was a fairly pleasant experience. However I found it very misleading with how many signals were provided (For example. You guys said you had a Forex analyst... you didn't at the time.) Would love to take another peek into the group and leave my honest opinion and feed back on it.
