Thread: [Bypass Password Protected .7z File](#)

V3R3BOT - September 25, 2021, 10:25 am

I need to bypass a password-protected .7z file (WinRar), any ideas on how I can get access to the file's content?

There is no such thing as a "bypass".
You can try cracking it though.

How can I crack it?

Use this to extract the hash: <https://hashes.com/en/johntheripper/seven2john>
Then attempt to crack the hash or post in the hash bounties section of the forum.

you on about this site <https://www.onlinehashcrack.com/>

OP if you use that service and as a successful crack will do it for \$7.50 instead.
