Group has been sold.

Bankrupt - September 26, 2021, 6:56 pm

Id say goodluck with sale but this is genuinely a titan group that currently dominates HF in numbers, sad to see it go. felt like every users first stop when joining HFs actual community

For sure thank you on the kind words. Maybe a plan to move the community over depending on whoever the new owner is if he want's to keep the branding etc.

Blazin - September 26, 2021, 7:16 pm

Probably the most active group on hackforums the discord is literally always filled with loads of people communicating and talking voice chatting and just talking in general.

Really nice color and lots of solid upgrades, sad to see this group go, but you make sacrifices in life sometimes.

I respect that and would do the same in a heart beat.

Good luck with selling this. The new owner will have some pretty big shoes to fill. This will be a hard group to beat in activity.

I mean it's only \$8.5k without the branding so even better if you want to start something new.

But pretty much \$10k with the community + GFX ownership etc.

Ant this isn't realistically worth 10k just saying.

I believe he's asking 8,000 and some for it, but it's auctioned for 10K.

Why sales trash? The group has upgrades those cost money it also is one of the most active groups on HF if not the most.

iNviZ - September 27, 2021, 4:32 pm

A lot of upgrades on this group. Good looking ones as well. Would be cool to see it sell for the asking price. I sold my first group spot for 11k years ago. It had no perks like this one does. Good luck with sales bud.

This looks like the best group on the site for sure, it has a lot of vouches in the buy in thread.

The only thing I'm wondering is why even sell it for 10k? The owner Zeus is making at least 10K per month from other ventures on this site, can't he just buy a car with 1 month of money? Why sell your group sir?

You have a thread where you make 10k a month and you also have a thread for sneakers botting. This just sounds like a bad idea on your part to sell this group for 10k. You're making at least that much every month and then money from each person that buys into the panthers group. Someone is going to rip you off and make that 10k back easily. You can keep the group forever and keep making 100 from each sign up, don't be foolish and sell it. You don't need the money.

Only one group sold for over 10k in the past. It was just a group spot not including the actual graphics or name. This was before upgrades to groups other than an extra subforum within the group.

That is a kind of huge amount you have invested in the group. Anyhow, good luck with your sales.

Between the upgrades and members, it's not a bad deal by any means honestly.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page
and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP
(Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for
each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first
post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

I'll be 100% honest here and share some feedback that I never have publicly seeing the group may
be sold soon.

I've been in Panthers since day 1 and was made leader a few days after I was invited. I helped
[Zeus](#) grow this group to what it is now and have been there for both every happy moment and sad
(can't say I'm proud of every moment lol, but hey we're all human). I was more the community side
and Zeus was more the marketplace side. - All I'll say is this; Panthers is a fantastic group in terms
of community, activity, and overall diversity of members. We have numerous members in the group
that are from quite literally all over the world. Panthers has also been the cause of numerous
friendships forming here and some of those friendships I personally hold near and dear and never
would've made them if it weren't for Panthers.

Three specific friendships for me personally would be [mention=2774521] , [flavoral](#) and [NERO](#) -
three of the best friends that I've ever made on HF, which all stemmed from Panthers. Not to
mention the OG voice call friend group (who many of which are still friends today) -
[mention=2774521] / [K1.](#) / [?Dødgygeez](#) / [flavoral](#) / [NERO](#) / [Velma](#) / [Juoku](#) / [Xen](#) / [HackOnTheGo](#) /
[sweatpants](#) / [Spearmint](#) / [Fortunate](#) / [I-GANK-I](#) / [Semmenial](#) / [iReFuSe2LoSe](#)
Huge shoutout to all of you for always keeping it real and for creating great memories with ?

This group is also the first group that [Proof](#) joined when he came back to HF, he became active in
the group and in our voice calls and eventually on the forum as well and we all see where he is
today. No I'm not saying Panthers did that in anyway for him, not at all lol, all I'm saying is that
without the group; a lot of users wouldn't have either the friends or connections they do today.

The value here is a group with tons of upgrades, a custom username color, bold, shadow, the first

group to start the extra stars (7) which started a very popular trend for HF groups, 100+ buy in members, and of course not to mention that the group has 2 additional sub forums onsite plus the main one. Let's also not forget that groups were an average of \$10k+ at one point, so this really isn't a crazy asking price seeing all the extra perks that come with a modern day group.

Best of luck selling it [Zeus](#) , no one outside of the group will ever understand the actual time, energy, and effort that went into creating this group - and that's okay. We know what we accomplished. :)

Semmenial - October 17, 2021, 8:46 pm

So many good times made with the group. Unfortunately life caught up with me and I can't be as active as I used to be.

Amazing group, sad to see it coming to end.

Thanks for all the memories everyone in the Panthers fam.
