I received a vouch copy and here's my honest review:

Service [10/10]

I received a vouch copy of 5,000 emails in a specific niche, user scraped them in a very short time and sent me all the leads perfectly. I couldn't have asked for anything better. I can recommend this any day!

Seller [10/10]

Very fast responses and he's extremely helpful and friendly. He was always willing to help.

Are you doing smaller amounts for test purposes? I'd like to try it out before actually purchasing a larger amount

I asked for email leads coming from the auto industry, and he delivered. He sends it with the business name, phone number, website and city/state. I will definitely be coming back to get more leads from him.???

Here is my honest review.

Service: 10/10

Response: 10/10

Quality: 10/10

Format: 10/10

I had requested 10k emails from a specific niche and got it delivered with name, location, and contact information(phone and email both). On top of that, he also provided around 4k additional data as a bonus. I have gone through the data and can vouch that it's not some regular filthy data that is found in the market at a very very cheap price. This is truly valuable and will come again to buy more.

Stanley - *October 16, 2021, 12:53 am*

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
