Amazon cards are always a good way to go. They can obviously be bought at a store, or can be bought right online and sent to your email. Not exactly sure where at, but the amazon cards can be traded in for bitcoin.

I'm pretty sure talking about that would be against HF rules.

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.

That's not the case I'm pretty sure.

OT: I no longer do e-Whoring, but AGC always works. The bad thing is exchanges take 25-30%.
