Frequently Asked Questions

Q: Does this work worldwide?

A: Yes as long as you have Internet Connection.

Q: Can it be saturated?

A: Absolutely not, I've been doing this for 4 years.

Q: How hard is it to set up?

A: Not hard at all as long as you follow it step by step. In case you need support, you're more than welcome to ask for it.

Q: Is it autopilot?

A: Theoretically it is, you need to put in some work per week (around 2hours) and then 10-15 minutes daily but you can take the rest of the day off and check back tomorrow.

Q: How many copies will be sold?

A: Not more than 20, I want to keep it as private as possible but still share with limited amount of members.

Hey,

If you are handing out any vouch copies I can give it a look over and leave an honest review.

GLWS none the less!

I am also interested in a vouch copy.
thank you sir

Received vouch copy, with 3 methods.
I was partially familiar with some methods,
There are some good resources and advice given to help improve on it
This does require some work to start, but its worth it if you are consistent.
Good luck with Sales

My honest review...

Stopped reading after method 1, method 1 is a copy and paste from another ebook I purchased many years ago from a member

<https://hackforums.net/showthread.php?tid=5387865> - Methods in this ebook are in this ebook.

Very disappointed OP.

Very disappointed OP.

OP can you respond to this please?

SantanDave - October 1, 2021, 12:41 am

OP has sent a screenshot of an email with who I'm led to believe is Sonex saying he can resale. No confirmation is this is legit or fabricated.

Think it should be posted in the OP, transparency is best.

The fact he hasn't responded to the post above this one comes across as shady to me, offers support as part of the product but won't confront any difficult questions.

However if OP has good reasons I will retract the statements.

Thanks for your response. I've told you in private to contact author himself using the Email provided in the product you purchased. I don't have to fabricate anything, I'm told not to post personal information (Email, Name) in the public therefore I sent it to you in private.

There is no point in me trying to defend myself or try to sell this further if I have unsatisfied customer, my top priority is your satisfaction.

It will take you 20 seconds to contact author by Email through the PDF you purchased, after confirmation please retract your statement. Thank you.
